Appl. No. - U.S. Phase of PCT/CA03/00009 Preliminary Amdt dated June 17, 2004

## **REMARKS**

At the beginning of the Specification, it has been indicated that this application claims benefit of prior provisional application No. 60/347,052 of which priority was claimed in the PCT application.

Claim 4 has been amended to remove the multiple dependency and have it refer back only to claim 1. However, new claims 6 and 7 have been added which are identical to claim 4, but each refers back to only one preceding claim.

Informal claim 5 has been deleted.

Respectfully submitted,

George J. Primak
